

A new value added service from  
the leading interior service providers

just for you

### Interior inventory cleaning.

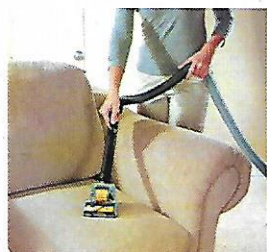

- Furniture would get soiled during day to day usage of chairs, sofas and carpets.
- Periodic checking for fitness is not done for chairs and sofas, hence limited life span.
- Unhygienic situation may lead to allergies to dust and dirt.

### Solutions offered

The chair/sofa/carpet cleaning offer would include one visit in every six months period where the product would be checked for its fitness and necessary repairs can be carried out along with the cleaning process.

The chair/sofa/carpet would be once shampoo cleaned and also once deep cleaned during this visit.

Technically qualified work force to execute the work in professional manner.

Only Company trained and certified professionals in the work force.  
(Training and certifications from eureka forbes ltd).

Only company approved genuine materials, spares and machine, tools are used to ensure quality.

### Benefits

- Chairs/sofas/carpets will remain clean and dirt free.
- Top quality materials usage will keep the cushion and upholstery in original condition.
- Hygiene can be maintained to a greater extend.
- Overall enhancement in the office ambience.
- Employee satisfaction
- Life span of the chair/sofa/carpets will increase
